### Mobile female family assistant

With this offer of mobile female family assistants, the KreisJobCenter wants to reach those parents who are still in further education, otherwise qualifying themselves or working, and to support them such that family and work are compatible. These mobile female assistants are trained specialists who offer free, the following support possibilities:

#### **My child is sick!**

#### **Emergency care for your sick child!**

Emergency care for your sick child while you work or learn. We help you to secure further care and if necessary will organize it.

#### **I have to go for an interview!**

Short-term emergency care for your child because you should appear for examinations, job interviews, practical training or similar such appointments.

#### **It's all too much for me!**

The mobile female family assistant will provide help to see you through the daily problems which arise, especially to render job and family compatible.

#### **The kindergarten is on holiday!**

The mobile female family assistant will help to organize holiday care for your child.

#### **Further offers of advice:**

- Questions about health and healthy inexpensive nutrition
- Help with problems of upbringing
- Information about what advice there is on offer in Marburg and its district
